

Passport® POS

No site like yours.

No system like ours.

The counter of your C-store is absolutely critical to your success. It's where impressions are made, relationships are built, and profits are won or lost. Every day you and your employees are challenged to present the right products to the right customers in precisely the right way.

Passport gives you the tools to make it happen, with a more versatile loyalty system, smarter marketing options, a sleek all-in-one design, tighter security and much more. It has the power to optimize every transaction, provide exceptional customer service and manage for the future. Because no other site is quite like yours. And no other system is quite like ours.

Unmatched simplicity provides a shorter cashier learning curve and faster, smoother transactions.

Flexible merchandising features offer industry-leading loyalty capabilities, smarter pricing options and a more versatile promotional structure.

Smart, secure management tools keep you in control with sophisticated remote management and monitoring, detailed transaction logs and comprehensive data backup.

Unbeatable product support maximizes uptime with remote diagnosis and repair coupled with a variety of service options.

EMV-ready out of the box to future-proof your business ahead of the 2020 deadline

Advanced system architecture provides the most reliable, flexible, future-proof route to PCI compliance.

More third-party options enable easy, seamless integration with loyalty programs, kitchen systems and more.

All-in-one convenience provides full-size power with an above counter, small footprint, PC.

Contact your local distributor or go to gilbarco.com to find out more.

Unmatched simplicity

- + 20-minute learning curve gets new cashiers up and running faster
- + Consistent graphical user interface across multiple sites
- + Smart forecourt integration alerts cashiers to forecourt issues
- + All-touch interface means no switching between keyboard and screen
- + Tip bar and help features teach cashiers as they work >
- + Intelligent display shows buttons only when needed
- + See It/Touch It buttons eliminate codes

Flexible merchandising

- + Two-level price posting, including different prices for debit and cash >
- + Multiple fuel discounting options, including payment type, car wash, local accounts, loyalty-based and cumulative roll-back discounts
- + Mix-&-match and combo pricing with back-office control
- + Automatic best-deal calculation for merchandise
- + Unlimited active promos and PLUs per promo

Smart, secure management tools

- + Searchable electronic journal logs every cashier keystroke
- + Blind balancing can require cashiers to balance the till without knowing the correct balance
- + Up to 99 customizable security roles provide tighter control over permissions
- + Cashier snapshot reports compare performance across cashiers
- + Insite360™ Passport® enables web-based remote management

Unbeatable product support

- + Unbeatable site-wide expertise keeps your site running more smoothly
- + Fault-tolerant Enhanced Dispenser Hub dispenses fuel and manages network transactions even after a server failure
- + Redundant hard drives automatically back up system image and transaction data
- + U.S.-based multilingual Help Desk support available 24/7/365

Advanced system architecture

- + Lasting PCI compliance from the industry leader
- + Validation on all certified networks for maximum flexibility
- + Isolated PA-DSS runs independently from POS
- + Small PCI footprint adapts to future PCI changes
- + Secure printing of full network reports with all data included

More third-party options

- + Unmatched variety of third-party partners, including loyalty and marketing
- + Modular architecture is more adaptable than proprietary systems
- + Certified partner program for trouble-free integration

All-in-one convenience

- + Single unit eliminates complexity
- + Large, durable screen looks great year after year
- + Powerful chipset with multi-core processor
- + Enhanced price book import process runs in 10 minutes (14,000 items), without interrupting sales operations
